

## Guidance document for processing PM-JAY packages

### Snake Bite

Procedures covered: 1

Specialty: General Medicine, Pediatric Medical Management

Package name	Procedure name	HBP 1.0 code	HBP 2.0 code	Package price (INR)
Snake Bite	Snake Bite	M100023	MG070A	General Ward- 1,800 HDU – 2,700 ICU without ventilator– 3,600 ICU with Ventilator– 4,500

**ALOS(in days):** 3-5 days

**Minimum qualification of the treating doctor:**

**Essential:** MBBS

**Desirable:** MD/DNB equivalent (in General Medicine, Pediatric Medicine)

**Special empanelment criteria/linkage to empanelment module:** None

**Disclaimer:**

For monitoring and administering the claim management process of **Snake Bite** for NHA shall be following these guidelines. This document has been prepared for guidance of PROCESSING TEAM and TRANSACTION MANAGEMENT SYSTEM of AB PM-JAY for the claims of procedures mentioned above. The hospitals can also refer to this document so that they have the insight on how the claims will be processed. However, this document doesn't provide any guidance on clinical and therapeutic management of patient. In that respect the hospitals and physicians may refer to any other relevant material as per the extant professional norms.

### **PART I: GUIDELINES FOR CLINICIANS AND HEALTHCARE PROVIDERS**

#### **1.1 Objective:**

The purpose of this section is to act as a guidance & a clinical decision support tool for the clinicians in deciding the line of treatment, plan clinical management of patient and decide referral of cases to the appropriate level of care (as required) for treatment of patients under PMJAY and selection of corresponding Health Benefit Package.

It will also serve as a tool for hospitals to determine and submit the mandatory documents required for claiming reimbursement of health benefit package under PMJAY.

#### **1.2 Clinical key pointers:**

Proceed with **Snake Bite** only if diagnosis made is backed by clinical manifestation:

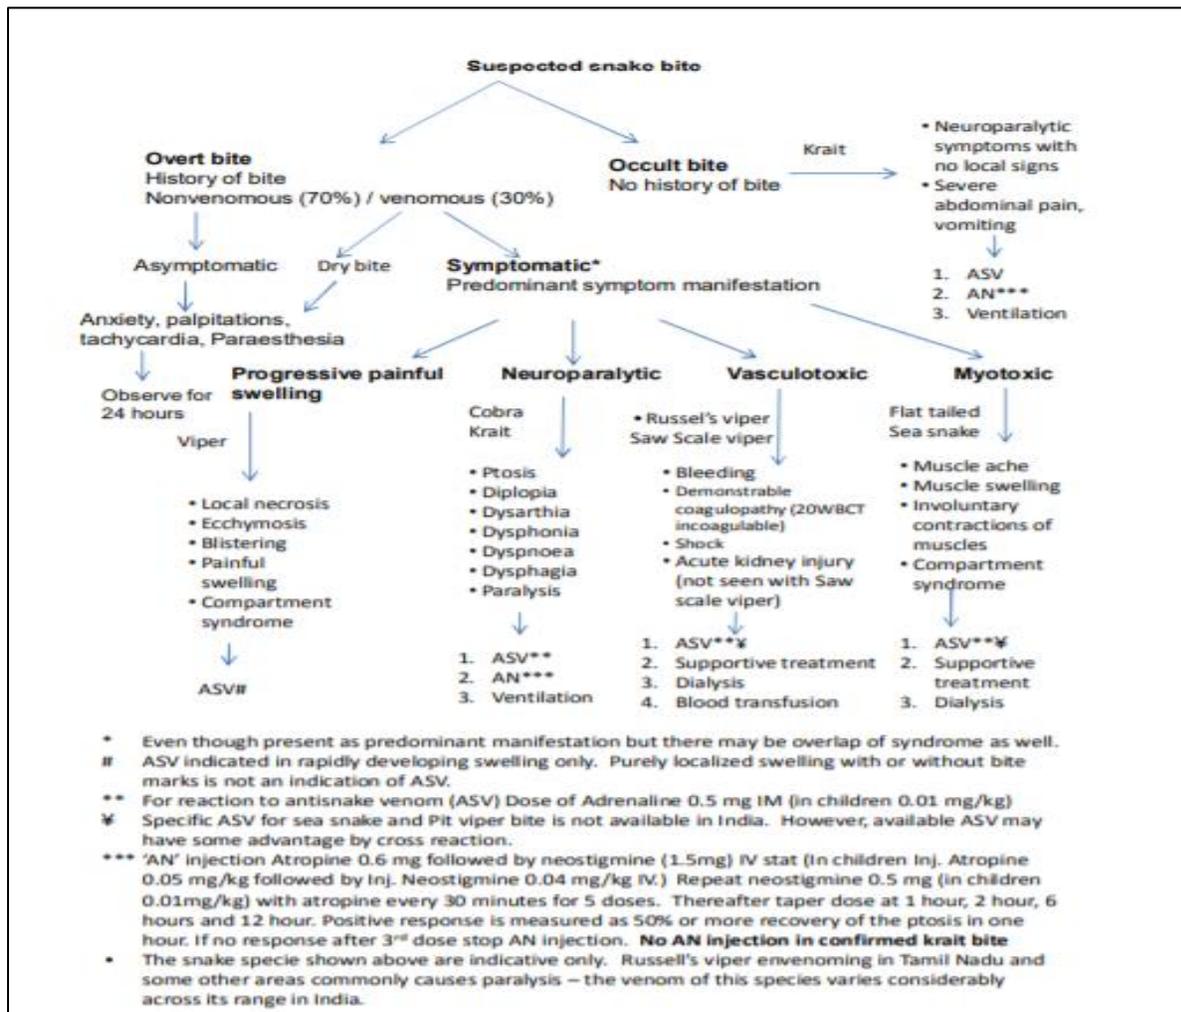

Clinical presentation of snakebite victim depends upon species of snake, amount of venom injected, season of the bite, whether snake is fed or unfed, site of bite, area covered or

uncovered, dry or incomplete bite, multiple bites, venom injection in vessel, weight of the victim and time elapsed between the bite and administration of ASV.

Clinical Manifestation;

- Progressive Weakness (Neuroparalytic and Neurotoxic)
- Bleeding (vasculotoxic / haemotoxic)
- Myotoxic
- Painful progressive swelling

### Clinical Management

### 1.3 Mandatory documents- For healthcare providers

Following documents should be uploaded by the concerned hospital staff at the time of pre-authorization and claims submission:

Mandatory document	Snake Bite
--------------------	------------

<b>i. At the time of Pre-authorization</b>	
a. Clinical Notes including evaluation findings, indications for the procedure, and planned line of treatment	Yes
b. Bedside 20 minute whole blood clotting test (Optional)	Yes
c. Urine examination for albumin and blood report	Yes
<b>ii. At the time of claim submission</b>	
a. Detailed Indoor Case Papers with treatment details	Yes
b. Details of Anti-snake venom used (If applicable)	Yes
c. Detailed Discharge Summary	Yes

## **PART II: GUIDELINES FOR PROCESSING TEAM**

**2.1 Objective:** To provide guidance to the pre-authorization and claims processing team in ascertaining the medical necessity of procedure carried out vis a vis the patient's medical condition as evidenced by supporting documents/investigation reports etc, in deciding the admissibility and quantum of claim and compliance with mandatory documents by the hospital.

**2.2 Following mandatory documents to be diligently reviewed by the pre-auth / claims processing personnel:**

<b>Mandatory documents</b>	<b>Snake Bite</b>
<b>i. At the time of pre-authorization processing- For pre-authorization processing doctor (PPD):</b>	<b>All the medical cases are auto approved on 1<sup>st</sup> day</b>
a. Were the Clinical Notes including evaluation findings, indications for the procedure, and planned line of treatment submitted?	Yes
b. Was the bedside 20-minute whole blood clotting test submitted? (Optional)	Yes
c. Was the Urine examination for albumin and blood submitted?	Yes
<b>ii. At the time of claim processing- For claims processing doctor (CPD):</b>	
a. Was the detailed ICPs with detailed line of treatment submitted?	Yes
b. Was the patient treated with anti-snake venom? (If applicable provide details)	Yes
c. Was the Detailed Discharge Summary with date of follow-up submitted?	Yes

## **PART III: GUIDELINES FOR TRANSACTION MANAGEMENT SYSTEM (TMS)**

**3.1 Objective:** To enable setting up of cross check mechanisms/rule engines within the IT platform (TMS) to ensure compliance with STGs and to prevent fraud / abuse of the Health Benefit Package.

**3.2 Below mentioned are the scenarios where a provision would be built in TMS for pop-ups:**

1. Did the patient present with evidence of a bite (fang puncture marks, bleeding, swelling of the bitten part etc.)? Yes
2. Was the Bedside 20-minute whole blood clotting test positive? (Optional) Yes

Till the time the functionality is being developed, the processing doctors shall check the above manually.
